

Salmiya Indian Model School - Kuwait

Dear Parents,

28th May, 2018

SUB: EXHIBITION.

Greetings from SIMS family,

We are pleased to inform you that a mega exhibition has been planned in the month of September for all the students of grade 1 to 12.

It is not enough for the kids to learn the lessons from the textbooks. They should be given adequate space and time for applying the theoretical knowledge that they get in the classrooms. There are many children who always try to explore, experiment and implement the things taught in the classrooms. They find this platform of an exhibition, a great way to showcase their practical knowledge, creativity, and inner talents. Not only that, during the exhibition the kids need to explain what they are presenting. This gives a chance for the kids to focus on their communication skills, convincing skills and thus boost their confidence.

Taking into consideration all the above points, we have made it compulsory for all the students of grade 1 to 12 to participate in the exhibition. Parents are requested to cooperate in this regard.

Teachers will suggest the topics on which exhibits can be prepared. Those are only suggested topics. Students are free to choose any topic of their choice as well. We will not restrict their creativity or imagination. The exhibits prepared by all the students will be displayed in the exhibition. There will not be any screening and no exhibit will be rejected. Let the children participate in the exhibition without the fear of being judged. Our aim is to encourage 100% participation by the students and not to put up a grand exhibition by exhibiting the talents of adults/parents.

The students will bring the Exhibits to the school in the first week of September only when the teacher sends word and not before that. Parents are requested to encourage their wards to participate in the exhibition enthusiastically. Contact the class teacher before you leave for the summer break in case you need any additional information.

Thanks and regards,

Anita S.
Officiating Principal
